(*a*) (i) Malabar, the delta portion of East Godavari, West Godavari. Kistna and Guntur districts and a portion of Chingleput district.

(ii) The societies were incorporated during the periods shown below :—

Malabar	.. ..	28th July to 11th October 1946.
East Godavari	.	5th January to 14th March 1947.
West Godavari	..	4th January to 14th March 1947.
Kistna	.. ..	13th January to 15th March 1947.
Guntur	.. ..	January and February 1947.
Chingleput	.. ..	4th December 1946.

None of the societies in these districts have been liquidated or closed.

(*b*) *Malabar.*—Procurement figures by calendar months are not available. In any case, comparison by calendar months does not seem reliable. The harvest in this district depends entirely on natural rainfall and the natural harvest date in any area may vary by as much as a month or so in different seasons. For instance, the Kanni harvest of 1946 in parts of South Malabar was about a month earlier than in 1945. The total procurement figure up to 30th May 1947 for the current season was 112,479 tons of paddy. The corresponding figure for 1945–46 was 108,141 tons.
